25 YEAR RE-REVIEW

~~CONFIDENTIAL~~

24 September 1952

25X1

D/TS
ATTN : ASD/OTS [redacted]
Project Officer
THRU : Director of Training
Mobile Audio-Visual Device, Production of Prototype

25X1

1. TAB/OTR has a definite need for a mobile audio-visual device which

25X1

2. Specifications, capabilities and needs have been discussed by the Project Officer and [redacted] ASD/OTS. [redacted] has indicated that ASD is capable of handling our present requirements.

25X1

25X1

3. It is requested that ASD/OTS develop two prototype units. The first prototype to include specifications defined in Attachment A. The second prototype to include all specifications of the first and to consider factors of standardization, power loads, [redacted] heat, cold, humidity and appearance and size as it affects security.

4. Target date for first prototype to be sixty days from the date of receipt of request.

5. It is also requested that OTS/ASD make such schematics, blueprints, and necessary new specifications which would allow OTR to place the specifications in the hands of the Office of Procurement for purchase of multiple units of the second prototype.

25X1

25X1

6. The above project has been approved by the Project Review Committee as project action [redacted] and any obligations of funds are chargeable to UVI514-00-FY53, Project [redacted] BFO/OTR, [redacted] can supply any additional information pertaining to the amount of funds obligated and all such commitments should be brought to his attention.

7. The Project Officer will be available to ASD/OTS to discuss and observe the project during its development.

MATTHEW BAIRD
Director of Training
